The IRM logo consists of the lowercase letters 'irm' in a white, sans-serif font, centered within a solid blue square. The background of the entire page features a faint, glowing network of white lines and dots, resembling a digital or data network, which is more prominent in the lower half of the image.

Why study for an IRM Qualification?

Get qualified with the world's leading enterprise risk management professional body.

IRM qualifications combine the practice and principles of risk management to offer universal relevance, whatever sector, organisation or country you work in.

Start your journey today to become a Certified Member (CMIRM), the highest internationally recognised award available to risk management practitioners.

Our Qualifications

International Certificate in Enterprise Risk Management is the ideal qualification for anyone looking for a solid foundation in the theory and practice of effective risk management.

Certificate in Risk Management in Financial Services provides a thorough introduction to managing risk in banks, insurance companies and financial services. It will teach you the tools, techniques, systems, processes and strategies you will need to implement effective risk management in this sector.

International Diploma in Enterprise Risk Management is the gold standard in risk management qualifications. It is ideal for risk managers, those pursuing a career in risk management, or those looking to consolidate their experience with a professional qualification.
